

Staff at Telford College were invited to take part in the “Worlds Biggest Coffee Morning” on Friday September 25 to raise money for Macmillan Nurses.

Angela Shepherd from the Directorate of Commercial Development and Training organised the event as part of a national campaign by Macmillan to raise its profile and raise money for the charity.

Staff taking part in the coffee morning were able to enjoy a cup of coffee, hot dogs, toast and muffins, as well as enter into a raffle with prizes including gift vouchers and Champagne.

The coffee morning took place between 8.00am and 11.30am and raised an impressive £568 for Macmillan. The money the charity receives will go towards helping them provide care for those who are suffering from Cancer, and their families who are caring for them.
